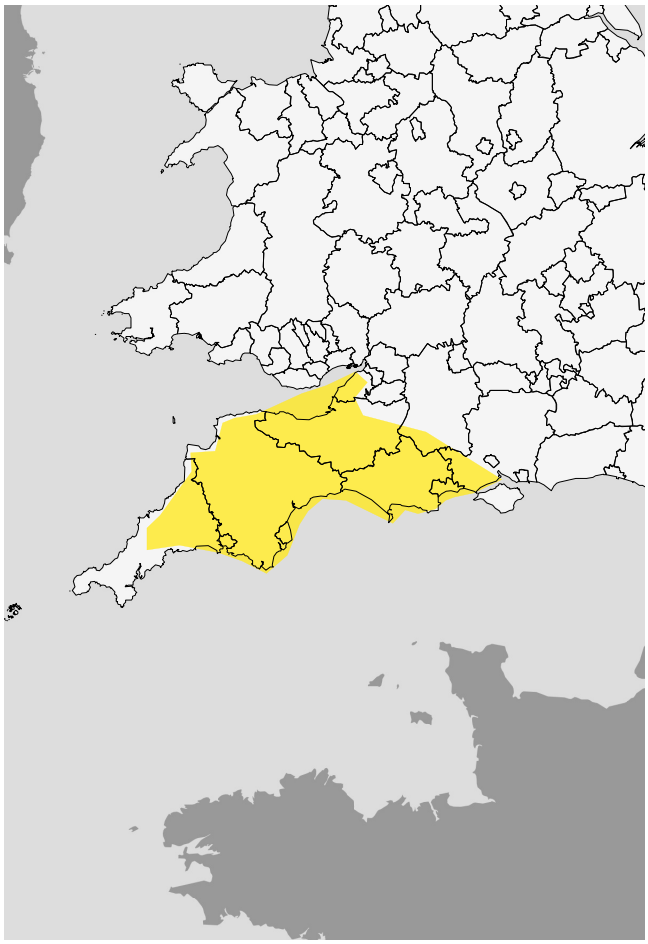
Yellow warning
Snow & Ice

Between
01:00 Sun 24 Jan 2021 and
18:00 Sun 24 Jan 2021



A band of rain and snow followed by snow showers will bring some transport disruption from Sunday morning.

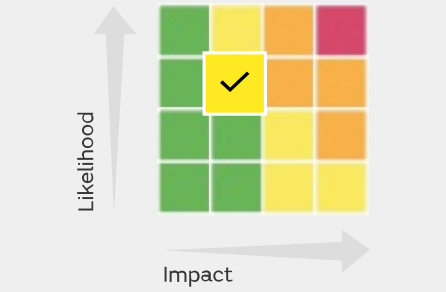
What to expect

- Probably some icy patches on some untreated roads, pavements and cycle paths
- Some injuries from slips and falls on icy surfaces
- Some roads and railways likely to be affected with longer journey times by road, bus and train services with some higher level routes perhaps becoming blocked for a time.

Further details

An area of rain will cross the west and southwest of the country on Sunday morning. This will fall onto cold surfaces with ice forming readily during Sunday morning.

The rain will turn to snow readily on Sunday morning with some places seeing small accumulations of 1-3 cm at low levels but possibly 3-7 cm over 100 m. Higher ground such as Dartmoor and Exmoor are likely to see the largest accumulations with 10-15 cm possible here.



Medium likelihood of low impacts

Yellow warning
Snow & Ice

Between
01:00 Sun 24 Jan 2021 and
18:00 Sun 24 Jan 2021

Further Details (continued)

Once the main area of precipitation clears wintry showers will feed in from the west maintaining the risk of icy stretches and more localised snow accumulations.

Reason for update

The warning area has been reduced given different timings of precipitation across southern England with the start time brought forward.
